

Frequently Asked Questions

VirtuaLEVA 2020

Q: Are all presentations being recorded so I can view them later?

A: No...but almost! Of the 34 presentations scheduled, only 4 will not be recorded. Those respective presenters requested no recording due to material being shown.

Q: How long will recorded sessions be available to view or review?

A: Until April 1, 2021.

Q: Can the training hours from recorded sessions be counted towards LEVA certifications' renewals?

A: Yes.

Q: How will you know what session I attended or later viewed?

A: We can track who attends what and when. It helps with the checks and balances of verifying training hours claimed.

Q: Will a certificate be provided proving the sessions and training hours I attended?

A: Yes. In order to get credit for the recorded sessions you viewed, simply send an email to Jan Garvin, training@leva.org and Amy Hak, onlinefacilitator@leva.org letting us know of all the recorded sessions you watched. Only send **one** email when you are finished watching all of the sessions you wish to get credit for. We will validate the hours in Moodle (analytics reports). Once confirmed, a certificate will be mailed to the address you entered when registering unless you advise otherwise.

Q: If I cannot attend any session during the live week the end of October, can I pay after October 30 to access the recorded sessions? Will the tuition remain the same?

A: Yes to both questions. You would just need to register like you would normally for this event. The registration process will remain open after October to allow people to do just that.

Have a question? Submit it to Jan Garvin, LEVA Executive Director, training@leva.org
